SUMMARY:

Audio/Video Engineer and Certified Technology Specialist with over 3 years of experience in corporate AV technology; emphasis on utilizing unified communication systems and collaboration platforms to build intelligent and ergonomic workplace environments. Experienced in applying systems thinking to full-stack enterprise design of Microsoft Teams Rooms including O365 Admin, Exchange, and Power Automate.

I have a deep focus on creating user-centered solutions to improve how people work, meet, and collaborate as the one responsible for design and deployment of event spaces and conference room technology. Committed to managing projects bridging IT, facilities, and business stakeholders to map complex technical requirements into scalable, remotely monitored, and automated infrastructure.

EXPERIENCE:

Copart, Inc. | Dallas, TX. Oct 2023 - Present

AV Engineer, *promoted from Intern Feb 2024*

- Inherited and significantly expanded a national enterprise AV and collaboration infrastructure - designing, deploying, and operating over 80 Microsoft Teams Rooms, Dante enabled event/conference systems, and more than 400 networked digital signage endpoints across corporate facilities.
- Designed and deployed AV infrastructure overhauls for event facilities and HQ "All-Hands" meeting spaces. Created mobile event carts, performed KTLO installations, designed self-service BYOD areas, and migrated AV infrastructure from p2p to AVoIP.
- Served as lead technician for "white glove" executive meetings, hybrid-enabled traveling conferences, and All-Hands broadcast events at HQ and WJ Ranch; managed end-to-end system readiness, AV reliability, and real-time issue resolution in high-visibility, high-stakes environments.
- Invented solutions for complex technical issues, troubleshooting equipment failures and crafting systems with automation and scalability in mind. Created formal documentation, deployment standards, and operational runbooks for enterprise AV and collaboration systems across global facilities.

University Center Operations (UTA) | Arlington, TX. Aug 2019 - Oct 2023

AV Operations Assistant, *Event Personnel, Crew Leader, Crew Member*

- Supported live and hybrid AV operations across a university campus environment spanning concerts, academic ceremonies, and VIP sponsored events. Ensured reliable setup, execution, and breakdown across events of varying scale and complexity.
- Delivered hands-on technical support including live audio mixing, lighting design, and Crestron-controlled systems serving as lead technician on select events and developing foundational AV fluency across production environments.
- Coordinated student worker scheduling, interviews, and crew logistics alongside facilities work orders and University Center projects; built early experience in operational coordination and team management within a fast-paced event environment.

Tom Thumb | Arlington, TX. Nov 2018 - Aug 2019

Customer Service Representative

- Provided front-line customer service support and coordinated front-end register staff. Managed cash office operations including safe/till balancing, money orders, and vehicle registration services.

EDUCATION & CERTIFICATIONS:

The University of Texas at Arlington | Arlington, TX - July 2023

Bachelor of Business Administration in Management, minor in History

Certified Technology Specialist - AVIXA | Aug 2026 - Present

Enterprise Design Thinking Practitioner - IBM | April 2026

Dante Level 1 & 2 - Audinate | Mar 2024 - Present

MXA Devices and Network Audio Certified - Shure | Mar 2024 - Present

IC3 Digital Literacy - MSOffice Suite by Certiport | Mar 2016

SKILLS & AWARDS:

Collaboration platforms:

Poly, Neat, and Yealink Systems | MS Teams, Zoom, Cisco Webex, and Google Meet | Teams Admin Center, Poly Studio, Neat Pulse, and Yealink MCS | o365 SharePoint | Yodek, Coplay, and Brightsign Digital Signage / SaaS

AV systems & design:

AVoIP and Dante | Shure MXA and Designer | Visio and LucidChart | Yamaha DM7 Configuration, Allen & Heath Mixers | Ross Carbonite Camera Systems | Roland and Blackmagic Video Switchers | PTZ Optics | Crestron NVX and 32x32 | DMX Addressing ETC Element/Colorsourc | Photoshop and Premier Pro, DaVinci Studio

Infrastructure & Cloud:

Active Directory, Exchange, and o365 Administration | Google Cloud Platform | Firewall configuration | UPS systems | Intune and Entra ID | CMD Prompt and PowerShell scripting | Power Automate | SNMP, HTTP, and HTML Control Systems

Workflow & Operations:

Jira, Youtrack, Azure, and Mazevo | Agile, Scrum, and Sprint methodology | Wiki / Confluence | ServiceNow Tier 2/3 support | Stakeholder Communication | Asset Procurement | Needs Analysis and Assessment | Project Management | Technical Documentation

Awards:

Innovation Award from UC Operations for Employee of the Year | May 2022

Business Professionalism Award from the UTA College of Business | April 2021
